

IF IT HAPPENS
IT'S HEREDISPUTE OVER
TRACK RACERS

Judges Fail to Agree, and Result in Prep-L. D. S. U. Meet in Doubt.

The final decision of the dual track and field meet between the preparatory students of the university and the L. D. S. university, held on Cummings field yesterday afternoon, was not made. A dispute arose over second place in the mile run. Thomas Bailey and G. Bateman ran together near the finish. The judge chosen to pick second man picked Bailey as winner and disqualified Bateman for foul work. The other two judges chose Bateman for second place. A dispute arose as to whether the decision of the judge chosen to pick second man was a whole over the other two judges who were to pick first and third man. The matter could not be settled and it is to be referred to some disinterested party for final settlement. Barring the points over which the dispute arose, the score stands 11 to 9 in favor of the preparatory students. If the decision is made in favor of Bateman, the L. D. S. runner, the score will be a tie at 6 points.

Saints Strong in Sprints.

On the track the saints were the strongest in the sprints and the "preps" in the long distance events, the latter team capturing first place in the half-mile, the mile and the two-mile runs. Harry Scott won the two latter races for the "preps." On the field, honors were about even. The saints won first place in both the weight events, while Morgan Adams won first place in the broad jump and pole vault.

Lewis Parry of the L. D. S. team was the largest point winner, carrying off first in three events—the 200-yard dash, the 100-yard dash and the 200-yard hurdles—besides running on the winning relay team.

The high hurdles he equalled the state record of 17 seconds. Art McAllister was also a strong man. He won the 200-yard dash with ease in the fast time of 23 seconds. He also won second in the 100-yard dash. Frank Neilson, of the "preps," won the half-mile with time to spare in 2 minutes and 11 seconds. He also won second in the 200-yard hurdles. Harry Scott and Leonard Bailey and Neilson and Frank Whitney are the new men who promise to make the regular varsity team this year.

Relay Race Was Easy.

The final race, the relay, was won by the saints with the least of the lead. Will Ferguson, one of the preparatory sprint men, being beaten by Lewis Parry by only a few feet. Another man who looks good to Coach Macdougall is the regular team man, Frank Whitney, brother of Horace Whitney, the state champion in the 100 and 200-yard dashes.

This was Whitney's first trial on the track. He won third place in the 100-yard dash, finishing within two feet of Parry, who won the race.

WALLOPED DE LOIDY.

Miss Bertha Gets One in Bread-Basket and Quits.

A boxing show, under the management of John L. Sullivan and Frank Hall, met a sad fate at Decatur the other night. Included in the boxing was a woman named Bertha Frank.

"De loidy" scrapper offered any one \$100 to fight her four rounds and a Decatur pug named Charles East accepted the offer. East was brought up to treat a lady. He walloped Miss Frank a couple of times in the jaw and then handed her a straight left to the "bread basket" for good measure. Miss Bertha was out of the ring. The referee stopped the fight. Sullivan is now looking for a lively, bouncing boy who is willing to take a few good socks in the honorary advancement of the once famous fighter's bank account.

ECHO OF FOOTBALL SEASON

Denver University Coach Sues for Last F-11's Services.

Coach O. S. Fowler of the Denver university football team for last season has attached the entire baseball paraphernalia of the school for a bill of \$575.50.

The bill is for services as coach and money expended by Fowler. Part of the bill is for the trip to Salt Lake last fall when Webb, the big guard, was put off of sickness.

Fowler claims he has tried to collect the bill by every available means, and has failed. The faculty of the university says the bill is not correct, and it is to be taken into court for settlement.

THREE VALUABLE LOVING CUPS FOR SHOOTERS

OGDEN SECURES POSTPONED BOUT

Case Against Principals in Courts Dropped Without a Trial.

When Manager Jim Donaldson of the Palace club announced yesterday that all engagements to pull off the Hyland-Corbett contest at Ogden had been made, the pail which overhangs the arena ever since Sheriff Emery stopped the go at the saucer track suddenly disappeared. If half the stories only heard about the streets are true, half of Salt Lake's male population will spend Monday evening in Ogden, the date set for the contest.

Early yesterday morning Donaldson, Corbett and Hyland held a pow-wow, and after consulting friends in Ogden and learning that the case against the principals could be secured, it was decided to go ahead with the contest.

A crowd of those who had purchased tickets for the contest at the Salt Palace gathered at the D. P. Walker building yesterday morning to get their money back. Many on learning that the tickets were good for the Ogden bout, said that was good enough for them, while hundreds of others were paid.

There is no estimating the number of people who would have attended the contest Friday night if it had been allowed to come off. Hundreds were in line waiting for tickets and the street cars were bringing down carloads when the affair was called off. It is believed that the cases had been dropped.

The fighters and principals appeared at court yesterday only to learn that the cases had been dropped. This would indicate that as far as those responsible for the stopping of the bout are concerned, there is to be nothing more doing. However, judging from the humor of the club officials, it is practically the entire sporting population of the city backing them up, the matter will not be dropped. Manager Jim Donaldson stated yesterday that he had a good case against the person who swore to the warrants as well as the sheriff, and on the advice of an attorney he would push them both.

Hyland and his trainers leave for Ogden today, while Corbett will remain in the city until Monday. On Monday evening the Rio Grande will start business. The Hardware have four new players in line today. They are Bain, Finger, Sawyer and Peacock. The new line-up is composed of the following: Keith-O'Brien, Dinwiddie, Siegel, Salt Lake Hardware, Lyries and Turf Exchange. The first game of the league season will take place next Sunday.

CITY LEAGUE TEAMS MEET.

The Salt Lake Hardware and Turf Exchange ball teams met at Walker's field this morning at 10 o'clock for an exhibition game. This is the last exhibition game to be played before the city league starts business. The Hardware have four new players in line today. They are Bain, Finger, Sawyer and Peacock. The new line-up is composed of the following: Keith-O'Brien, Dinwiddie, Siegel, Salt Lake Hardware, Lyries and Turf Exchange. The first game of the league season will take place next Sunday.

CHENYENNE PROMOTER HERE.

Among the well known sporting men who came from afar to witness the Corbett-Hyland match was Corrie O'Connell of Cheyenne, Wyo. O'Connell runs a club in the Wyoming metropolis and has had considerable experience in handling fighters. O'Connell says the next time he comes to Salt Lake to see a pugilistic contest, some one will have to put up bonds that the thing is a go.

THE TAKE HIM OUT MAN.

I do not know his name. I never saw his face. He goes to every game. And seems in every place. I know his voice right well. That man with lousy yell. "Oh, take him out."

When things go slightly wrong. And some one makes a hit. What from the groans of throng. This man with little wit. Has not a word of cheer. Nor a syllable of encouragement. And cries in tones of fear. "Oh, take him out."

What though the pitcher strives His best to win the game. What though a score of three. Are made; he's not to blame. Give him a word of cheer. Don't fill your seats with doubt. That cry, don't let him hear. "Oh, take him out."

Cancelling of Orders for California Relieves Strain on Utah Trade.

While every automobile dealer in the city deplored the damage done by the earthquake at San Francisco, yet it has greatly relieved the strain there has been on the local market. For months every dealer in the city has been booked months ahead for all the machines they could possibly get. During the past week nearly all of the dealers have received word from their factories that the machines ordered for parts of California affected by the earthquake could now be turned to fill back orders and as a result it is expected there will be a rush of new machines to Salt Lake. One firm stated yesterday it would have four cars loaded within the next week.

A novelty in the automobile line, which will not only be of interest to the automobile owners, but the general public at large, will arrive in the city this week. It is a baby of the smallest automobiles every built in the world. It is constructed with all the appliances of a regular machine, and operated the same. The machine is but two-horse power and about the size of a baby carriage. It has four wheels, and is operated by a child if they could master the mechanism. The machine will be shipped to other cities for exhibition purposes.
